Jacy Buchholz and Ellie Sherwood filled in to complete the brackets since Osborne did not bring any singles players. They both did an outstanding job and very proud of how they both played.

Very excited about our doubles wins over Greeley County (Tribune) and then Central Plains (Claflin), both teams that we had lost to earlier in the season. These 3 teams are so evenly matched and just so much fun to watch. But even more fun because we came out on top this time. The girls know what to do, and this time they were able to do it. Finishing in 2nd place as a team is a great accomplishment also. Yes! We are getting there!
