This was a great day for the Trego girls. It was wonderful to see them continually improve. Allison didn't play to her best tennis during her first match against Lorent from Colby, but because of the way the bracket played out, she was given another chance to improve her performance. And improve she did by clobbering Colby 6-0 for the 3rd Place Medal. Very exciting to watch. The #1 Doubles team gained confidence by once again beating a very good Tribune team. The #2 singles and doubles both played very well. I love it when hard work and hustle start paying off. Very, very excited about their first place finish.
