

FREE EARLY CHILDHOOD SCREENING

The Northwest Kansas Educational Service Center will be assisting the Wakeeney School District with the Early Childhood Screening to be held Thursday, April 11, 2019 at the Trego Grade School

612 Junction Ave. in WaKeeney starting at 8:30 am

Appointments may be made by contacting
Trego Elementary (785) 743-2472

Parents of **infants, toddlers and preschoolers** are encouraged to take advantage of this developmental checkup. The screening will be done by professionals who know how children grow and learn.

Five areas will be screened:

1. How well your child talks (communication development)
2. How well your child feels (health), sees, hears and moves
3. How well your child learns (cognitive development)
4. How well your child gets along with others (social emotional development)
5. How well your child does things independently (adaptive development)

You will be asked for permission to screen your child. You may look at any information or comments written about your child.

Screenings will be offered in other local schools at a later date. However, children from other districts are welcome to attend this screening if parents so desire. Our goal is for every child, birth to kindergarten, to be provided with this developmental checkup every year.

If you have a concern now please contact your local school district or Northwest Kansas Educational Service Center Early Childhood Services at (785) 672-3125 ext. 119 and a screening will be provided within 30 days of your request.
